To Whom It May Concern:

I am writing in regards to and in recommendation of our nanny, Tessa Grubb. Tessa has always presented herself as a professional with all adult and children with whom I have seen her come into contact.

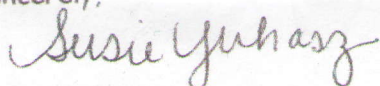

Tessa's responsibilities have included daily care of my two children who are ages 3 and 1. She began watching my youngest child when he was only 3 months old. She has always provided the best of care for both of the children, as well as assurance to me when I have to leave them for a full day. Tessa has demonstrated an extensive knowledge of children of many ages and has been able to share her knowledge/ideas in a non-offensive way.

In the 9 months we have worked with her, we have never had a negative issue with Tessa. If questions arise, she is open to criticism or conversation at all times. Likewise, if Tessa has questions or concerns, she is open and honest with our family in a respectful manner.

I would recommend Tessa as a care provider for children of any age. She has become a friend to me as well as a loving care giver to my children.

Please feel free to call me for further questions at the phone number above or e-mail at y7946@adelphia.net.

Sincerely,

Susie Yuhasz
