Dear Parents,

We wanted to take the opportunity to let you know how pleased we have been with Tessa and the other caregivers. We began sending our daughter to Tessa's almost 2 years ago and will be sending daughter #2 when she arrives in a few months as well. We were very interested in a home-based childcare setting where our daughter would be able to interact and play with other children, but not be "just another number" in a large daycare where caregivers can change frequently. We feel that we have found this combination at Tessa's house.

Our daughter loves playing with her friends and we feel that her social skills have benefited from her time at Tessa's. On the mornings when she goes to Tessa's, she always is excited and can't wait to get there and play with her friends and favorite toys!

We are confident that our daughter receives excellent care while we are at work. We appreciate the communication that occurs at drop-off/pick up as well as the "summary sheet" at the end of the day detailing naps, meals, and diaper changes. Tessa is also great about texting us with any issues that may arise during the day.

The best part of this childcare experience is that we feel that each of the caregivers truly cares about our daughter. As a parent, you can't ask for much more than that! We highly recommend Tessa as a caregiver for your child.
