March 27, 2014

Dear Parents,

To Whom It May Concern,

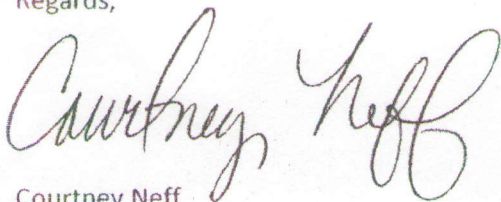

My son, Sullivan (age 3), and daughter, Avery (age 1), began childcare with Tessa Grubbs in August of 2013. Prior to that, a family member had been caring for them fulltime. My children were used to the one on one undivided attention, so when looking for a daycare I knew they would be much more comfortable in a smaller daycare setting. Tessa's in home day care provides exactly that in a secure, fun and caring environment.

She has many great toys for kids of all ages to play with. When the weather is nice the kids can enjoy a fenced in fun environment with a swing set, slides, play house, etc. She has parties for certain holidays and from time to time they partake in crafts.

Tessa and her staff are caring, professional, friendly and attentive. If they notice a problem they immediately address it and often provide advice on parenting challenges based on their years of childcare experience. They also take my son to and from preschool two days a week.

I recommend Tessa as a caregiver. She is really great with kids of any age. I feel comfortable dropping off my children every day, knowing they are in a safe, caring, friendly environment.

Regards,

Courtney Neff
