To Whom It May Concern:

I am writing in regards to and in recommendation of our nanny, Tessa Grubb. Tessa has

Dear Employer/Parent:

I am more than happy to recommend Tessa Grubb to you. She has watched my two children (ages 2 and 4) for the past sixteen months and I have been extremely pleased with the care, attention and love she has provided my daughters.

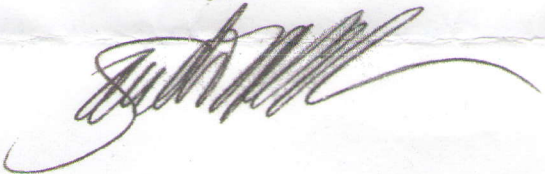

She not only "looks after" the children, but she has been instrumental in teaching my oldest the fundamentals she will need for kindergarten. She even taught her how to count to 10 in Spanish. I fully trust Tessa with my children and I know that they are well cared for by someone who loves them.

I am very disappointed that she can no longer care for my girls, but I know that my loss is your gain. I can't say enough nice things about Tessa, but let me close this letter by saying that my two little girls love Tessa very dearly....what better recommendation do you need?

Please feel free to call me for further questions at the phone number above or e-mail at

Sandie McCulloch
